EARLY  
DEFIBRILLATION

## Strengthening the early defibrillation link in the Chain of Survival

National CPR & AED Awareness Week has begun, and now is the time to get Real CPR Help®.

**Only** ZOLL's AED Plus® delivers a **defibrillating shock AND supports CPR** with **Real CPR Help**, real-time feedback that lets rescuers **SEE** and **HEAR** how well they are doing. And Real CPR Help is built right into ZOLL's **AED Plus** and **AED Pro**® defibrillators.
